

GUARDIANS OF THE GALAXY:

COSMIC REWIND

INTRODUCTION

Guardians of the Galaxy: Cosmic Rewind is the newest ride at Walt Disney World right now, and you can't just get in a standby line and wait. Access to this exciting experience is done through a virtual queue in My Disney Experience. Here are the steps to make it happen.

- The My Disney Experience app is the only way to join the virtual line.
- The app knows if you have a park reservation for that day (and can GPS locate you in the park)
- Access to join the line opens at 7 a.m. and you don't have to be in the park to join.
- This might be the most stressful portion of your trip.
- Another virtual queue will open at 1 pm, but you must be in the park to join this one.
- Go off the resort's WIFI and use their cellular signal to make this happen, as it's faster.

STEP ONE

Before 6:55 am, log out of your MyDisneyExperience app and log back in. This will refresh your app and is important to do.

Find a place outside of your hotel room- away from other people, and turn off your cell phone's WiFi.

TIP: Have an additional device connected to the cell towers that show a seconds hand, so you can count down (a smartwatch or another person's phone- or use the Naval Clock on a web browser). Only one person in your party should attempt to join a boarding group. Pick the person with the fastest hands!!!!

STEP TWO

Go to the homepage of your My Disney Experience App at 6:55 am and scroll to the Virtual Queue link, about halfway down.

Guardians of the Galaxy: Cosmic Rewind- Request Access with Virtual Queue

Request to join the virtual queue at 7:00 AM (prior to park entry) with a valid Disney Park Pass reservation. Or, try at 1:00 PM after you've entered EPCOT. Subject to availability. Times are subject to change. Guests may only enter the virtual queue once per day.

[My Queues >](#)

STEP THREE

Click join at 7 a.m.! Being quick is imperative. You have seconds before the queue fills up.

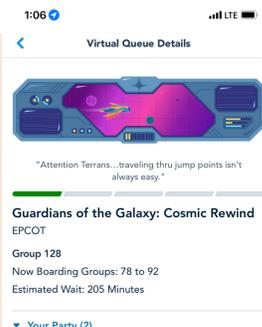

DO NOT edit your party, the app automatically fills in the guests that have park reservations. DO NOT look at names, just hit "NEXT."

STEP FOUR

If you get a boarding group, you'll see a Boarding Group number on the next screen – congrats!! (2)

You'll also see your group under "My Queues" in the same section where you tried to join the virtual queue.

NOTIFICATIONS

Make sure you turn on notifications for the MyDisneyExperience app so you will be notified when it's your time to ride! You can also check what boarding group is now boarding through the app.

1 PM GROUP

If you don't get a boarding group at 7 am, try again at 1 pm. You must be in the park in order to reserve a spot at 1 pm. Many people have had luck at 1 pm when they missed out at 7 am! Don't give up hope!
